EXPERIENCE

Freelance Web Design

More than six years of experience designing for the web, individually and as part of a team. Includes sites for university schools, publications, government, e-commerce, and individuals. (2000–PRESENT)

Interactive Design: Technology and Process

Original course taught at Virginia Commonwealth University (FALL 2005)

College of Design Practicum Designer

Part of a classroom-based design studio creating print, identity, and environmental design work for organizations around the state of Iowa. (FALL + SPRING 2003)

Graphic Design Intern

Interned at Innova Ideas & Services, a full-service design and marketing firm in Ames, Iowa. Worked directly with clients, project leaders, and printers on print, identity, and event design projects in a fast-paced environment. (FALL 2003)

4-H Extension Building Design Team

Part of an inter-disciplinary group working on an interior exhibition space. Assisted with industrial design, interior graphics, and client presentation materials. (SUMMER 2003)
